

## Dental Waterline Treatment Maintenance & Shock

Specifically designed for use in independent water bottle systems.

- Biofilm and bacteria control
- No harsh chemicals
- Odourless, colourless, tasteless, pH neutral
- Non-foaming, consistent results every time
- Tested on various waterline tubing with no negative effects or corrosion
- One E2O™ bottle lasts approximately 4–6 months per dental chair

- Eco-friendly solution, E2O™ breaks down into water and oxygen
- Non-toxic to equipment or patients

- No waiting for tablets to dissolve, no residue/clogging from undissolved tablets
- No patient complaints about bad taste or grit from tablet residue

We **LOVE** to educate! Learn about dental waterlines – the challenges and solutions. Visit [germiphene.com](http://germiphene.com) for our complimentary on demand webinars or book an office session with your rep today.

E2O 236mL.....E2O-S

**TAKE CHARGE** of your office water today.  
Easy dose pump. No measuring, no mess.

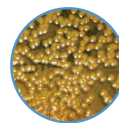

#### REGULAR TREATMENT

#### SHOCK TREATMENT

#### Water sample taken from an ultrasonic scaler

Before E2O™

After E2O™

Tests performed showed a significant reduction of bacteria in water sources after the use of E2O™.

## SAFE to use:

A whitening strip, directly placed in your mouth, contains **500X more** hydrogen peroxide than E2O™ in your waterlines!\*

\*Based on using the daily treatment dosage of E2O™ in your waterline unit.

To order E2O™ or for more information, contact your District Manager/IPAC Specialist or Germiphene at 1.800.265.9931 | [info@germiphene.com](mailto:info@germiphene.com) | [www.germiphene.com](http://www.germiphene.com)
