neutrarinse

2% Neutral Sodium Fluoride

Oral Rinse

PREVENTION IS THE BEST CURE

- Rapid fluoride uptake
- Sweetened with 5% xylitol
- Helps prevent caries and decay
- Neutral pH formula

Alcohol Free	Dye Free	Gluten Free
--------------	----------	-------------

It's Patient Friendly	Easy for patients with gag reflex to use. No fluoride trays required.
	Dye free, gluten free and alcohol free accommodating a wide variety of patients.
	Two patient pleasing flavours available.
	Great for patients with sensitivity due to recently whitened teeth.
It's Preventative	Aids in the prevention of many patient risks such as gingival recession, partial/over denture wear, periodontal disease, recurrent decay and decay around crown margin.
It's Safe	Non Etching. Recommended for patients with composite and porcelain restorations. Excellent for patients who cannot tolerate acidic solutions, especially those with reduced salivary flow due to chemotherapy, radiation or xerostomia.
